

POLAR EXPLORER

TO THE ENDS OF THE EARTH

Complete 6 out of 7 clauses to complete this badge.

01	Learn about the characteristics of the polar climate and what the Arctic and Antarctic have in common, as well as how they differ.
02	Find out about the history of polar exploration. Choose a particular explorer or expedition and read a book about your chosen area of focus.
03	Choose an animal native to the Arctic or Antarctic and research it: its characteristics and habitat, its habits, and any threats to its existence.
04	Research an indigenous people of the Arctic. How do they survive and thrive in the inhospitable climate? What threats are there to their way of life?
05	Learn about an aspect of scientific work that is taking or has recently taken place in the Arctic or Antarctic. How does it help us understand the wider world?
06	Experience a work of fiction about the Arctic or Antarctic. This can be a novel, a poem, a TV show, or something else.
07	Visit the Arctic or Antarctic.
